## Your fuel supplier does matter.

At the mercy of the market? Balancing daily fuel price changes and supply availability at the rack is hard. At World Fuel Services, we get it. You need reliability and flexibility. With hundreds of local supply points and an integrated network of supply chain partners, we offer dependable fuel supply capabilities and flexible pricing options that hundreds of customers across the U.S. trust. Count on us for personalized customer care and customized solutions designed to keep your supply flowing, your budgets in line, and your customers satisfied.

### Fully customized solutions:

**Dependable supply even in tight fuel product situations**

**Predictable fuel costs to help stabilize cash flow**

**Flexible pricing options and credit terms**

**Expert market analysis and consultation**

# Optimize every drop of your fuel supply

DIESEL • GASOLINE • RENEWABLE FUELS • KEROSENE • HEATING OIL

Leave your fuel supply needs to World Fuel Services. Our unmatched expertise and operational strength ensure you spend more time focused on delivering fuel, and less time worrying about where and how to get it.

## Convenience

Keep it simple. Our access to multiple pipelines and hundreds of inventory positions throughout the United States provide integrated fuel procurement and price risk management solutions built around your operational requirements.

## Control

Secure a competitive advantage with more control over your cash flow. With customized programs to manage market price volatility and ensure your supply is secure, you are always on top of your total fuel spend.

## Cost savings

Find value in every fuel-related purchase. We connect you with a full range of high-quality liquid fuel products and price risk management services - all offered at competitive prices.
